

Comet East !!

Hello everyone! This is my first try at this so I promise my next will be better. First I want to thank everyone for coming to Nashville to get this STARTED! I have other people that will help me and we'll have a better thing going next time. Columbus, Ohio had a large car show over Labor Day weekend but we did not have a meeting. However I heard from different sources that there were 12 to 15 Comets there! Most were not even aware of Comet East! Tom Wooley got their addresses and hopefully even more people will be interested in us! (Especially if I ever get this newsletter sent out to everyone!) Bristol, TN is having a large show and drag race on October **18th-20th**. We're hoping to have a meet there! It depends on the on the No. of responses I get. So far I have 5 maybe 8 cars that will be there.

I have to give an extremely large thank you to my nurses Polly and Kelly plus my Morn and Ernie for helping me with Nashville! Anyway, people wear your shirts and get the Comets noticed!! I will have more shirts available just write or email me on the size and quantity. The next shirts will have different Comets on it because we are open and invite all year Comets! I want to give a special thank you to Peter Girard whom without him nothing would have happened! He really pushed me and gave me several ideas. I have information on Bristol meet. Its expensive but they offer a lot!!

The phone No. to get more information about the Bristol Show is:

1-800-430-9840. Or email at www.yearone.com Please get in touch with me if you're interested! My No. is 276-475-5336 or 423-727-6442.

I would like to say that I really enjoyed myself at Nashville! A lot of people said that it was the most Comets they ever saw at one time!!!! Most had only seen four or five together at once. Some people that came by did not even know that there were going to be Comets there or they would have brought their own! Maybe with time we can change that and we'll be able to let more people everywhere know about our meets!! The National Falcon Club is also considering Comets! I think that's great but it sure would be nice to get our own club going!! Doesn't everyone else agree? I will be leaving for the V.A. on September 18th, I don't know for how long, hopefully just a couple of weeks. But it will be hard to contact me between now and then. And I won't be able to be reached there. But we have other contact people you can reach.

Comet East meet Nashville, TN. 7/26/2002

Presiding, Tim Morley and Ronnie Crawford.

14 present, 7 signed up but not present.

Lengthy discussions and ideas brought up by those present including 3 members of the FCA and Ronnie Crawford.
